[Verse 1]

```

                                E      F#/Gbm  E
She never mentions the word addiction
                                E      F#/Gbm  E
In certain company
                                E      F#/Gbm  E
Yes, she'll tell you shes an orphan
                                E      F#/Gbm  E
After you meet her family
```

[Chorus]

(No lyrics first time around)

B A E F#/Gbm E

[Verse 2]

```

                                E      F#/Gbm  E
She paints her eyes as black as night now
                                E      F#/Gbm  E
She pulls those shades down tight
                                E      F#/Gbm  E
Yeah she gives a smile when the pain comes
```

The pain's gonna make everything alright

[Chorus]

She says she talks to angels, they call her out by her name
Oh yea she talks to angels, says they call her out by her name

[Verse 3]

She keeps a lock of hair in her pocket
She wears a cross around her neck
Yes the hair is from a little boy
And the cross is from someone she has not met.....not yet

[Chorus]

She says she talks to angels, says they all know her name
Oh yeah she talks to angels, says they call her out by her name

(Now skip the Natural harmonics,
and go straight to the Bridge, which is something like this)

[Bridge]

(Sing while your strumming the A)

She don't know no lover
None that i've ever seen
To her that ain't nothin'
But to me, it means, everything.
