      D           A           G

      D           A           G

      D           A           D           D           D           G

[Verse]

```

              D           D           G
You can sit around and wait for the phone to ring
              D           D           G
Waiting for someone to tell you everything
              D           D
Sit around and wonder what tomorrow will bring
      A
Maybe a diamond ring
```

[Chorus]

```

      D           A           G
Well its all right, even if they say youre wrong
      D           A           D
Well its all right, sometimes you gotta be strong
      D           A           G
Well its all right, as long as you got somewhere to lay
      D           A           D           D           D           G
Well its all right, everyday is judgement day
```

[Verse]

```

              D           D           G
Maybe somewhere down the road aways
              D           D           G
Youll think of me, and wonder where I am these days
              D           D
Maybe somewhere down the road when somebody plays
A
Purple haze
```

[Chorus]

```

      D           A           G
Well its all right, even when push comes to shove
      D           A           D
Well its all right, if you got someone to love
      D           A           G
Well its all right, everything'll work out fine
```

Well its all right, were going to the end of the line

[Verse]

Dont have to be ashamed of the car I drive
Im just glad to be here, happy to be alive
It dont matter if youre by my side
Im satisfied

[Chorus]

Well its all right, even if youre old and grey
Well its all right, you still got something to say
Well its all right, remember to live and let live
Well its all right, the best you can do is forgive

Well its all right, riding around in the breeze
Well its all right, if you live the life you please
Well its all right, even if the sun dont shine
Well its all right, were going to the end of the line
